

Agreed Minutes

Subject: Trade negotiations between the European Commission and Iceland on new bilateral concessions in agricultural products, concluded on 17 September 2015.

1. A new round of agricultural trade negotiations between the European Commission and Iceland was undertaken on the basis of Article 19 of the Agreement on the European Economic Area (the EEA Agreement), with a view to furthering progressive liberalisation of agricultural trade among the European Union and Iceland (the Parties), on a preferential, reciprocal and mutually beneficial basis. The negotiations were carried out on an orderly basis, with due consideration to the evolution of the Parties' respective agricultural policies and circumstances, including the evolution of bilateral trade, as well as trade conditions with other trading partners worldwide.

The results of the negotiations are the following:

2. Iceland undertakes to grant duty free access to products originating in the European Union, listed in Annex I.
3. Iceland undertakes to provide tariff quotas for products originating in the European Union, as specified and listed in Annex II.
4. Iceland undertakes to reduce import duties on products originating in the European Union, listed in Annex III.
5. The European Union undertakes to grant duty free access to products originating in Iceland, listed in Annex IV.
6. The European Union undertakes to provide tariff quotas for products originating in Iceland, as specified and listed in Annex V.
7. Tariff codes set out in Annexes I to V refer to those applicable in the Parties on 1 January 2015.
8. These bilateral concessions replace and consolidate all existing bilateral concessions in agricultural products that are currently in force, in application of Article 19 of the Agreement on the European Economic Area.
9. The provisions of Protocol 3 to the Agreement between the European Union and Iceland¹ concerning the definition of the concept of 'originating products' and methods of cooperation shall apply *mutatis mutandis* to the products mentioned in Annexes I to V.
10. The Parties will take steps to ensure that the benefits, which they grant each other, will not be jeopardised by other restrictive import measures.

¹ Decision No 2/2005 of the EC-Iceland Joint Committee of 22 December 2005 (OJ L 131, 18.5.2006, p. 1).

11. The Parties agree to take the necessary steps in order to ensure that tariff quotas will be managed in such a way that imports may take place regularly and that the quantities agreed for import can effectively be imported.
12. The Parties agree to strive to promote trade of eco-friendly products and products with a geographical indication. In order to enhance the protection of geographical indications in the territories of both Parties, an agreement on geographical indications was negotiated in parallel to the present agreement.
13. The Parties agree to exchange at regular interval information on traded products, tariff quota management, price quotations and any useful information concerning the respective domestic markets and the implementation of the results of these negotiations.
14. Consultations will be held at the request of either party on any question relating to the implementation of the results of these negotiations. In case of difficulty in the implementation of the results of these negotiations, these consultations will be held as promptly as possible, with a view to the adoption of appropriate corrective measures.
15. The first consultations relating to the results of these negotiations will be held before implementing arrangements are put in place, with a view to facilitate the smooth implementation of the results of these negotiations.
16. The Parties will submit the results of these negotiations to their respective authorities for approval, with the view to finalising an exchange of letters and implementing the results of these negotiations. The Parties furthermore agree, on the basis of these Agreed Minutes, to immediately start the preparations for an Exchange of Letters and implementation measures. Where necessary, tariff quotas will be opened on a pro-rata basis. The parties agree that the present agreement enters into force after the finalisation of the necessary internal procedure, as specified in the Exchange of Letters, and simultaneously or after the date of the entry into force of the Agreement between the European Union and Iceland on protection of geographical indications of agricultural products and foodstuffs.
17. The Parties agree to resume bilateral negotiations in the framework of Article 19 of the Agreement on the European Economic Area in two years time, with particular consideration to the outcome of the WTO negotiation process in agriculture.
18. These Agreed Minutes will be subject to legal scrutiny on both sides, as well as verification of correctness of correspondence of respective product descriptions and customs codes.
